2022/5782 Shaklee Pesach Guidelines

I. Nutritional Products:

Purchasing Chometz After Pesach – Immediately after Pesach, one may purchase any product including those containing chometz directly from Shaklee Corporation. There is no problem of “chometz *she’avar alav HaPesach*.” When purchasing chometz products from a distributor after Pesach, one must ascertain that the chometz was not in the possession of a Jewish distributor during Pesach (i.e., they did not own it yet or it was sold thru a competent Rav before Pesach).

A. Real Chometz - Jewish law prohibits one from owning chometz on Pesach. It has been the custom for centuries to lock up one’s chometz before Pesach and sell it to a gentile. Although Halacha states that all types of chometz may be sold before Pesach, there are pious individuals who do not sell “real chometz” but rather give it away, destroy it or eat it before Pesach.

Those individuals who do not sell “real chometz” should give away, destroy, or consume the following before Pesach as **they contain chometz**:

Shaklee 180 Meal-in-a-Bar White Chocolate Cinnamon
Shaklee 180 Meal-in-a-Bar Peanut Butter & Chocolate Chip
Shaklee 180 Snack Bar Cherry & Almond
Shaklee 180 Snack Bar Toffee & Chocolate Crunch

Individuals who sell “real chometz” must lock up and sell these products before Pesach. **The products listed above may NOT be consumed on Pesach.**

B. Possible Chometz Content - The following products contain ingredients that are or may be derived from **chometz**. However, even individuals who do not sell “real chometz” are accustomed to lock up and sell these products before Pesach. **These products may NOT be consumed on Pesach.**
